4. (Internal Use Only - RJK) Per arrangements made by Mr. Miller, left with Richard Emanuel, on the staff of Representative Emilio Q. Daddario (D., Conn.), two China Map Folios.

5. (Secret - RJK) Delivered to Richard Perle, Senate Subcommittee on National Security and International Operations staff, two maps of the Mid-East area which had been prepared from Senator Jackson's original by [redacted] graphics people. Perle was delighted to receive the maps which will be included in the Senator's trip report.

6. (Confidential - LLM) In followup of our conversation on Friday, called Miss Tammen, in the office of Representative Frank Horton, and told her that we had no employment record on [redacted] and she thanked me. (Earlier I spoke with [redacted] FE/B&F, who advised me he was in no way associated with the inquiry.)

7. (Internal Use Only - JGO) Met with Mr. Jack Matteson, Subcommittee on Foreign Operations and Government Information, House Committee on Government Operations staff, and reviewed with him Chairman Moss' letter of December 10. I advised Mr. Matteson that the President's directive concerning public relations activities was not addressed to the Central Intelligence Agency and that recheck with the Office of Management and Budget has verified that no report on the matter is expected from the Central Intelligence Agency. Mr. Matteson thanked me for the advice and said that a one paragraph response to Chairman Moss' letter advising that the subject matter of President Nixon's November 6 directive has no application to the Agency will be sufficient.
